The Multi-Event Challenge is held every four years in conjunction with our national championships when a group of competitors arrives from Great Britain. We pair guests with someone of similar ability from the U. S. and add total scores from all the paired athletes. Not all of us will be paired with a guest, but all of us can enjoy the spirit of the competition and get to know some new friends. In two years we will have a chance to journey to Great Britain and participate in their national meet. So whether you are paired or not, welcome our friends from across the sea.
